Summary

As a Software Engineer, I always looking for the challenging, learning and innovative environment. Every project I tend to build a new challenging feature like a new technology to use or a new way to provide it. I have built projects individually, leading or a team member. I am always looking forward to upgrade my skills, learn new things and also focusing on upgrading the environment with stable work and continuity in systems.

Experience

Senior Software Engineer

ELSEWEDY ELECTRIC

Aug 2016 - Present (5 years 4 months +)

+ Full stack Web Apps implementations
